Photographs are created to capture your best expressions. Sit back; relax as I help you with posing and coordinating your clothing for every background. You have unlimited outfit changes so bring a variety of clothing and colors to choose from.

See your senior previews the same day. After your photo session, you will see your images projected in my screening room. Select your favorite poses for your senior folio which you can take home or have mailed the next day.

You can trust Moto Lenz Photos when it comes to retouching your senior pictures. The photographer personally consults with each senior and parents about retouching and will remove blemishes and whiten teeth at no additional charge.
